

Gaesdonck parents letter

No. 24/2020-21

05.01.2021

Dear Gaesdonckers,
dear parents,

we are no different from you - at the moment we are following all the popular media every minute, trying to get a reliable picture of what school life might look like over the course of the next few weeks. As soon as we have viable information, we will immediately inform you live via the Corona blog on our website and of course with further parents letters.

What we can already say:

Emergency care on Thursday and Friday

In any case, we offer emergency care for the pupils in Years 5 and 6 on the two days when there are no classes on Thursday 07.01.2021 and Friday 08.01.2021. This also extends to the afternoons for our day-boarding pupils. For reasons of planning security, it is imperative that you informally register a required care with us by 6.00 p.m. tomorrow by sending an e-mail to poststelle@gaesdonck.de. You will receive a confirmation from us in the course of tomorrow evening.

Please note that the buses do not run on these two days.

Arrival at boarding school

Regardless of the development of face-to-face teaching, we will again offer a sheltered home here on campus from Sunday evening to all boarding students who wish to do so. We are currently clarifying the exact modalities of arrival and possible day structures depending on the classes offered. You will receive further information on this in the next few days. As things stand at present, arrival will be possible on Sunday, 10.01.2020.

For planning purposes, we also ask you here for feedback by Friday evening 6.00 p.m. directly by e-mail to the head of our boarding houses at gysbers@gaesdonck.de.

For the moment, we remain with kind regards from Gaesdonck campus

Dr Markus Oberdörster
Director

Doris Mann
Headmistress

Michael Gysbers
Head of Boarding Houses
